"Euroins – Health Assurance" Plc is the fastest growing company on the Bulgarian Voluntary health assurance market – average growth of GWP (gross written premium) in the last 3 years is about 60%. We provide services to more than 25000 insured persons. The company is a shareholding company with a sole owner "Euroins Insurance Group" LLC, which is a leading Bulgarian insurance group. The insurance companies in the group have more than 300 regional offices and more than 700 000 customers in the Balkan region.

We provide for 60k additional health insurance to all 60k employees since 2009 in order to cooperate with 60k in their strive to ensure the social well-being of all their employees. Using our services 60k is able to achieve one of their goals as an employer – be dedicated to remunerate their staff in more than one way by adding responsibility towards society and personal care to every employee in the company, including their families.

We hope to continue working with 60k in the future in order to keep providing excellence in the social service and support our client in their intention to be an employer that values the social benefits and recognizes the need of supporting important social causes
